

Final Call for SAIF Q3 Training

Dear Members of Industry,

The South African Institute of Foundrymen (SAIF) is pleased to offer three highly commended training courses for Quarter 3 (September to November 2025) as part of the SAIF Foundry Technology Program. These include:

- Casting Design & Methods
- Practical Sand Testing for Green Sand & Chemically Bonded Sand
- Supervisory Management

These courses are tailored for professionals in the foundry industry across Gauteng and surrounding regions.

Course Details - Quarter 3 27 September - 29 November 2025	
Closing Registration Date: 19 September 2025	Times: Saturdays 08:30am - 12:30pm
Venue: University of Johannesburg Metal Casting Technology Station John Orr Building, Corner Siemert & Beit Streets, Doornfontein	Cost per student: Members: R3850.00 incl. VAT Non-Members: R4200.00 incl. VAT Registration forms available from the SAIF office - mbiljon@uj.ac.za

We understand the growing need for accessible education and are actively working on an online platform to extend these opportunities beyond Gauteng. For now, we remain committed to delivering a hands-on, face-to-face learning experience. Updates on our digital offerings will follow in due course.

 **Important Update:**

Due to high demand, the registration deadline has been extended to

Friday, 19 September 2025. This is your final opportunity to enroll—no late registrations will be accepted.

Course Highlights:

- *Casting Design & Methods*
Explore casting processes, defect analysis, alloy selection, and casting economics.
- *Practical Sand Testing*
Hands-on training in green sand and chemically bonded sand testing, control methods, and assessments.
- *Supervisory Management*
Develop leadership, communication, productivity, and safety management skills.
