TECHNICAL PRESENTATION **EVENING**

Shot Blasting Equipment

Advantages & Application in the use
of E-Eco Wheel Turbines

Tuesday, 27 October 2026

Belgravia Bowling Club

Sponsored by

LAUDS
Projects and Procurement

Dear Members of Industry,

The South African Institute of Foundrymen invites members of industry to attend the upcoming Technical Presentation Evening on **Tuesday, 27 October 2026** at **Belgravia Bowling Club**.

The evening is proudly sponsored by **Lauds Projects and Procurement**, and the presentation will focus on **Shot Blasting Equipment**, with particular emphasis on the **Advantages & Application in the use of E-Eco Wheel Turbines**.

EVENT DETAILS

Date	Tuesday, 27 October 2026
Venue	Belgravia Bowling Club, Florence Avenue, Bedfordview/Germiston
Time	17:45 for 18:00

Presentation Overview

Title: Shot Blasting Equipment

Subject: Advantages & Application in the use of E-Eco Wheel Turbines

Presenter: Gerhard Coetzee - Lauds Projects and Procurement

Lauds GMBH, proud agents for Siapro, will provide practical insight into the use and application of E-Eco Wheel Turbines within shot blasting operations

This technical presentation will provide practical insight into shot blasting equipment and the application of E-Eco Wheel Turbines, with a focus on their advantages, operational use and relevance within the foundry environment.

Why Attend

Attendees will have the opportunity to gain practical technical insight, engage with industry professionals and learn more about current developments in shot blasting technology.

RSVP

To assist with catering and seating arrangements, please confirm your attendance by no later than **Friday, 23 October 2026**

Attendance & Enquiries
